

“EU Reco Street Violence” (mn/mds/ssp)

“ARA sheet to enter information on street violence into the database VERSION 6.0 November 2011

Field of the data base: 50 analysis, recommendation or actions in each European country, about violence caused by groups of young people (boys and girls) in urban public spaces or semi-public spaces including school and leisure places (some rural experiences may be included). Age: from 10 to 26 years, number of members: 3 and more. Political violence, terrorism, hooligan and criminal or drugs gangs are excluded.

	Descriptor/Variable	Type	Associated nomenclatures		Commentaries
V0.1	Title of the ARA	Text	The title would ideally already reveal the key message of the ARA in English or French (so that it can be understood by any user)		
V0.2	Title of the ARA in the original language		original title here (but not with special alphabet)		
V0.3	Type of the ARA	Code	1. Analysis, 2. Recommendation 3. Action		Compulsory – Single choice,
V0.4	text of the ARA		PDF of the ARA		downloaded document, “firsthand documents”, or scanned pages if paper document;
V1	Who is talking?				
V1.1	Country the author of the ARA is from	Code	Thesaurus v1.1		Compulsory variable
V1.2	Name of the author/bearer of the ARA	Text	Original name of the author in the original language		Main/coordinating structure: if it is an action, this is the structure running it, not the person behind the document which instigated the action. If you extract an action from a report carried out by a committee, it is the direct actor. If you extract the final recommendation, you will choose the report author.
V1.3	English/French translation of the name	Text			
V1.4	Type of author/bearer of the ARA	Code	01	State	
			02	Regional or local authority	
			03	Schools, university/ researcher, journals or professional sites, database	
			04	Organisation, foundation, cooperative, NGO	
05	Big businesses or SMEs				
06	Security committee, local council or network for security				
99	Other structure				
V1.5	Year of publication or achievement	Num.			
V1.6	For actions, start and end	Num	start year	end year	
V1.7	Link to the website with the reference document	Link	Here a link to the website where the “father” document as a whole can be found.		
V2	About what?				
V2.1	Summary of the ARA	Text	10 lines to 1 page on the key elements of the ARA. This can be either a summary or a citation of the original text that brings the ARA to the point and the key words that will permit		

			to search information (because it will be technically impossible to search information from of the pdf document) ; the creator of the ARA can decide what the key information is about, for example a particular methodology, the enormous results, the funding scheme, etc. You can indicate the precise pages of the “father document”.		
V2.4	Problem addressed by the ARA	Code	1.	Gangs or violent groups confrontation	
			2.	Description of gang or violent groups	
			3.	violence in priory neighbourhoods, social housing	
			4.	violence in public transport and stations	
			5.	violence against police	
			6.	collective rape and sexual violence	
			7.	occupation of housing estates	
			8.	harassment in the public space	
			9.	urban riots	
			10.	violence in leisure places	
			11.	violence in school (and near school)	
			12.	“joy riding” (quad, motorecycle, cars)	
V2.5	Target group of ARA	Code	1.	sentenced young people	the group that is talked about. Tick the gender marker if the ARA explicitly concerns relationship between boys and girls.
			2.	youths in gang, violent groups, youth at risk	
			3.	youth in general, in the district, in schools, in the city	
			4.	family, residents, adults in the neighbourhood	
			5.	Professionals (police, in legal system, education, social sector, health, culture)	
			6.	gender marker.
